Trend Lighting
National Sales Manager - Wholesale

Diversity

The diversity of our workforce helps us thrive every day. Diversity is our greatest strength, and something that is echoed throughout our entire business from our diverse team and varied collection of products, to our extensive portfolio of client projects and partnerships.

Innovation

Creativity, innovation and continuous improvement are built into our company's DNA. The world of lighting is ever-evolving and we celebrate this with a constant focus on learning, developing and improving everything we do.

Efficiency

We prioritise efficiency in everything we do, from products and solutions to our work approach. We aim for optimal results with minimal waste, benefiting both our organisation and clients through saved time, effort, and money for superior products and services.

Quality

With 37 years of unwavering commitment, we take pride in delivering top-notch quality. Our focus on durability, reliability, craftsmanship, and longevity has built a reputation for exceeding customer expectations.

Value

Our success stems from balancing quality and affordability, providing value through dedication to quality, accessibility, convenience, and longevity in all our products and services. Clients save time, effort, and money while receiving superior products and services.

Unoled

**epitome of reliability and
performance in a compact package**
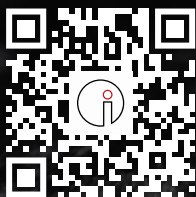

Explore Unoled

Unoled offers a durable lighting solution with its robust cast aluminium construction and corrosion-resistant finish. The opal polycarbonate diffuser ensures even light distribution for a perfectly illuminated space. Additionally, it features a pressure-cast aluminium heatsink for efficient heat dissipation, maintaining optimal performance and extending its lifespan. Choose Unoled for outstanding performance and longevity in lighting.

Oyster Light

Lowbays

Rectangular SMD LED panel manufactured with a powder coated aluminium frame with a low glare high output microprismatic diffuser which comes fitted as standard.

Featuring colour switchable technology that enables users to switch between 3 colour temperature options - 3000K (warm white), 4000K (cool white) and 5700K (daylight). Supplied with a remote driver for easy maintenance.

Specifications

Trim Colour Options	White
Dimensions	1195 (L) x 295 (W) x 12 (H) mm
Weight	2550 g
LED Power	30W
LED Type	SMD
Lumen Output	3850 lm
Efficacy	Up to 87 lm/W
CCT Technology	Tri-colour Selectable
Colour Temperature (CCT)	3000K, 4000K, 5700K
Colour Rendering	CRI 85+
Lifetime	50,000 hours
Beam Angle	Ultra Wide
System Power	33W Typical
Input	200-240V AC 50 Hz
Power Factor	>0.95
Dimming	Non-dimmable
Driver	Remote, Flicker Free
Connection Type	Hardwired
Ingress Protection	IP20
IEC Protection	Class II
Warranty	3 Years
Accessories*	Plaster Recessing Kit | Surface Mounting Kit | Suspension Kit
